MAD SCIENTISTS

Come into our laboratory and concoct a ghoulish formula...or just figure out how things work. We visit the **Great Lakes Science Center** to get a close-up look how things work. Then Mad Science comes to us with a special show, make oobleck, flubber, and smoke filled bubbles. Learn the science behind popular sports. Balloon car race, exploding soda geysers.

Young Chefs

Local family farmer explains growing fruit **at her farm**. Make your own candy, shortcake, and treats. Make and present a cooking show. FUN FOOD FEAR FACTOR!

Music Rocks!

Create a band, win a dance contest, make instruments, and give a concert. Vibration, sound, and pitch games. **Radio station** OR **orchestra** tour. Karaoke too, of course!

Champion Citizens

Guided tours of the **fire and police stations** show you the behind the scenes action! Interview the mayor and maybe even sit in his chair. Create props for the **July 4th parade!** Silly courtroom case, safety skits.

AMAZING ANIMALS

Guided program at **Lake Farm Park** to learn how we take care of animals and all they do for us. Watch a real caterpillar transform, rainforest animals

WILD, WILD WEST

Visit a **horse farm**, and get up close to these beautiful animals, learn the two-step dance, make tacos, make fool's gold, learn about gems, do daring rope tricks.

TIME TRAVELER

Disco dancing, big hair day, sock hop, tie dye shirts, **secrets of Stan Hywet Hall tour**, make baked Alaska, imagine your future.

Survivor Day Camp!

Survival skills; Pitch a tent, eat your grub (s'mores and banana boats) in the great outdoors and go for nature scavenger hikes. Learn how to read animal tracks, use a compass, and sing campfire songs. **Safari Vienna** to feed the animals.

Camp Olympics

Go for the gold! This popular week will perfect your skills in archery, kick ball and zany Olympic games! Athletes visit to talk about their sports and what it takes to be great. Good sportsmanship is stressed. Maybe even win a medal! **Kent State Rec Ctr.**

SPACE FRONTIERS

Visit **NASA research center** for an exciting look at space exploration with our private presentation. Make bottle rockets, harness wind power with our camp made windmill, and make Martian creations. See yourself as an astronaut!

SUMMER CELEBRATION

The best is last! Create a carnival full of fun games, wacky tricks, and super-human feats! We go to the **McKinley Planetarium**, making ice cream, making balloon animals.
